Description:

The Coppa dog bowl and treat jar collection was designed by Danish design studio Hans Thyge & Co to offer dogs and their owners a simple yet stylish bowl for everyday use.

Coppa is made from highest quality porcelain with a glossy finish. For a maximum of functionality, the bowl is durable, food-safe and easy to clean. To fit all dogs from small to large, Coppa is available in two sizes.

What you will love most about Coppa is it's removable silicone base. The non-slip silicone makes sure the bowl stays put during mealtime while adding a hint of colour to the minimalist design.

The matching Coppa treat jar is the perfect accessory to keep your dog's treats fresh at all times. An all-silicone lid closes the jar firmly, and the silicone base protects your kitchen counter from scratches.

Design: Hans Thyge & Co
